

WSFCA Clinician Job Description

Warren Street Family Counseling Associates is seeking a clinician to join our group psychotherapy practice.

Applicants should be licensed to provide psychotherapy in New Hampshire. Familiarity with managed care is desirable. The ideal candidate will be enthusiastic, able to manage a full time caseload independently, and able to engage collaboratively with colleagues. Experience with children and families, substance abuse, and other specialties would be a plus.

WSFCA is a clinician owned and clinician run practice founded on principles of creativity, collaborative practice, and respect for those we serve. We include social workers, mental health counselors, marriage and family therapists, advanced registered nurse practitioners, and psychologists.

Founded in 1993, WSFCA is one of the largest, most well established, and highly regarded therapy groups in Central New Hampshire.

Clinicians at WSFCA have the flexibility and autonomy to create the therapy practice they envision combined with the support and resources of a successful business organization.

We offer full shareholdership in WSFCA, billing and administrative staff support, a large referral base, contracts with all major insurance carriers, liability insurance, a retirement plan, HIPAA compliant electronic medical record system, and a comfortable office in an historic building within walking distance of downtown Concord.
